

Presentations Project

Book Review - Holes

Your task for this project is to create a presentation based on your impressions of the book 'Holes' which you may have studied in English. You could substitute another book with your teacher's approval.

You will need to create at least 6 scenes or slides that describe some of the scenes that you liked or found important, or on some of characters from the book. For example, you could base scenes or slides on why Stanley was sent to Camp Green Lake, why the boys are digging holes in the desert, Stanley escaping, Stanley finding Zero, Stanley and Zero finding the treasure, the police arresting the warden, etc. You could even create a Holes game if you have seen that on the Holes web site.

Designing The Presentation

Draw sketches on paper to show what each of your scenes or slides will be about and indicate what text you are going to include. Include an Introduction page with links to the other scenes or slides.

Show your planning sketches to your teacher before you start your presentation and submit them when your project is complete.

The Solution

Produce the presentation.

- 1 Create each scene or slide, adding animations or narrations to them when appropriate.
- 2 Link the scenes or slides together.
- 3 Once the presentation is complete, submit it to your teacher.

Evaluation

- 1 List 6 presentation software tools that you used and describe what each allowed you to do.
- 2 Briefly describe your impressions of the book Holes. The things you liked, disliked, etc.
- 3 Show your presentation to other students. What were their comments? What changes would you make to your presentation after listening to their comments?
